

## **Provost's Committee on Student Mental Health Sponsorship Requests**

The Provost's Committee on Student Mental Health welcomes requests to sponsor events and programs designed to raise awareness of or otherwise benefit student mental health issues on campus. Sponsorship opportunities include: support in the form of its public endorsement of the mental health event or program, assistance with marketing, a financial contribution, and/or committee members' involvement with the event or program.

The committee's decision to sponsor an event or program, including the area(s) and level of sponsorship, is based primarily on the following criteria:

- The potential benefits to University students' mental health.
- How the proposed event/program otherwise demonstrates the committee's mission, e.g., campus-wide collaboration to promote mental health awareness, supporting a University culture in which all can thrive and reach their full potential.
- The impact of the committee's sponsorship on the event/program's success.
- The availability of funds and committee members to assist as requested.

### **To request the committee's sponsorship of your event/program:**
